Welcome to the GreyGuide: point of access to Grey Literature and Open Access Resources   http://greyguide.isti.cnr.it/

The poster shows the goals achieved in the last 5 years, the progress, new features and new resources made available by GreyGuide in support of Open Access Publishing.
In 2015, GreyNet International carried out an online survey among its stakeholders in order to determine their use of its sustained information resources.

Now five years on, having benefited from technical developments, the migration of hundreds of metadata full-text records, and the addition of enriched fields and functionality, the GreyGuide offers GreyNet a testbed from which to map and measure its capacity in open access publishing.
The population of this study is drawn from digital resources accessible via both the GreyGuide Portal and Repository.
